	showtime	VARCHAR

Customer		
PK	customer_id	SERIAL
	full_name	VARCHAR
	age	INTEGER
	customer_address	VARCHAR
	phone_num	VARCHAR

First entity. Without  
customer, there's no  
business.

Last entity. This one is  
an auxillary one to  
track sale of food.

2nd entity. This is  
what the customer is  
here to do.
